Capacity

Max. technical physical capacity in GWh/d

Where different **Maximum Technical Capacities** are defined by the neighbouring ZSTs for the same interconnector Port, the lowest value is indicated.

Capacity Information is available only on one side of the border due to unavailability reasons. The available figure is indicated in brackets.

Interconnectors shown as map only when their technical capacity is missing.

Summer Capacity

Indicated in case extra capacity is available during summer months

Data collection related to the situation on 1st of January 2026.
